Cosmetic dentistry is an art form and Dr. Jan Linhart combines technical skill with an artistic eye to offer a complete smile makeover. "Improving someone's smile can change their appearance dramatically, making them look healthier, happier and younger," he says. With 20 years of experience and the ability for putting his patients at ease, Dr. Linhart attracts an international clientele. In his elegant Park Avenue office, patients benefit from personalized care in a relaxing setting. Advances in aesthetic dentistry, such as porcelain laminate veneers and Dr. Linhart's proprietary laser tooth-whitening system, PEARLINBRITE™, bring beautiful and completely natural-looking results. From simple procedures to the most extreme makeovers, Dr. Linhart's staff of specialists (eg: orthodontist, endodontist and implant specialist) will give you a great reason to smile!
